Sharpen your thinking.

The free and flexible app for your private thoughts.

Get Obsidian for macOS More platforms

Your thoughts are yours.

Obsidian stores notes privately on your device, so you can access them quickly, even offline. No one else can read them, not even us.

Your mind is unique.

With thousands of plugins and themes, you can shape Obsidian to fit your way of thinking.

Your knowledge should last.

Obsidian uses open file formats, so you're never locked in. You own your data for the long term.

Obsidian

Free without limits.

Spark ideas.

From personal notes to journaling, knowledge bases, and project management, Obsidian gives you the tools to come up with ideas and organize them.

Links

Create connections between your notes. Link anything and everything — ideas, people, places, books, and beyond. Invent your own personal Wikipedia.

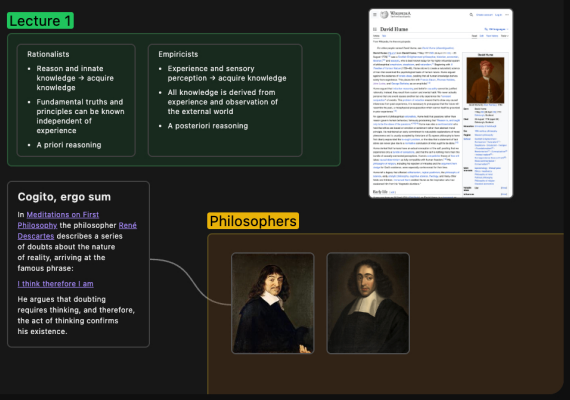

Graph

Visualize the relationships between your notes. Find hidden patterns in your thinking through a visually engaging and interactive graph.

Canvas

An infinite space to research, brainstorm, diagram, and lay out your ideas. Canvas is a limitless playground for your mind. Learn more.

Plugins

Build your ideal thinking space. With thousands of plugins and our open API, it's easy to tailor Obsidian to fit your personal workflow. Learn more.

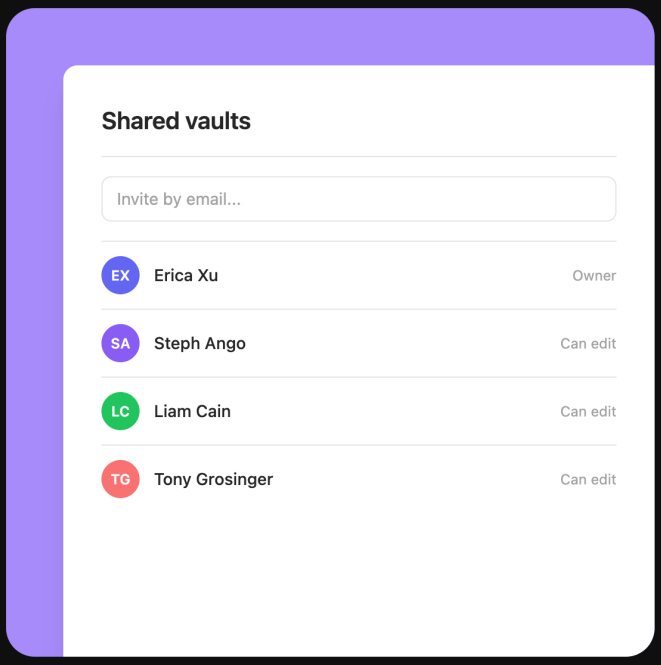

Sync securely.

Access your notes on any device, secured with end-to-end encryption. Learn more.

Version history. Easily track changes between revisions, with one year of version history for every note.

Collaboration. Work with your team on shared files without compromising your private data.

Fine-grained control. Decide which files and preferences you want to sync to which devices.

Publish instantly.

Turn your notes into an online wiki, knowledge base, documentation, or digital garden. Learn more.

Seamless editing

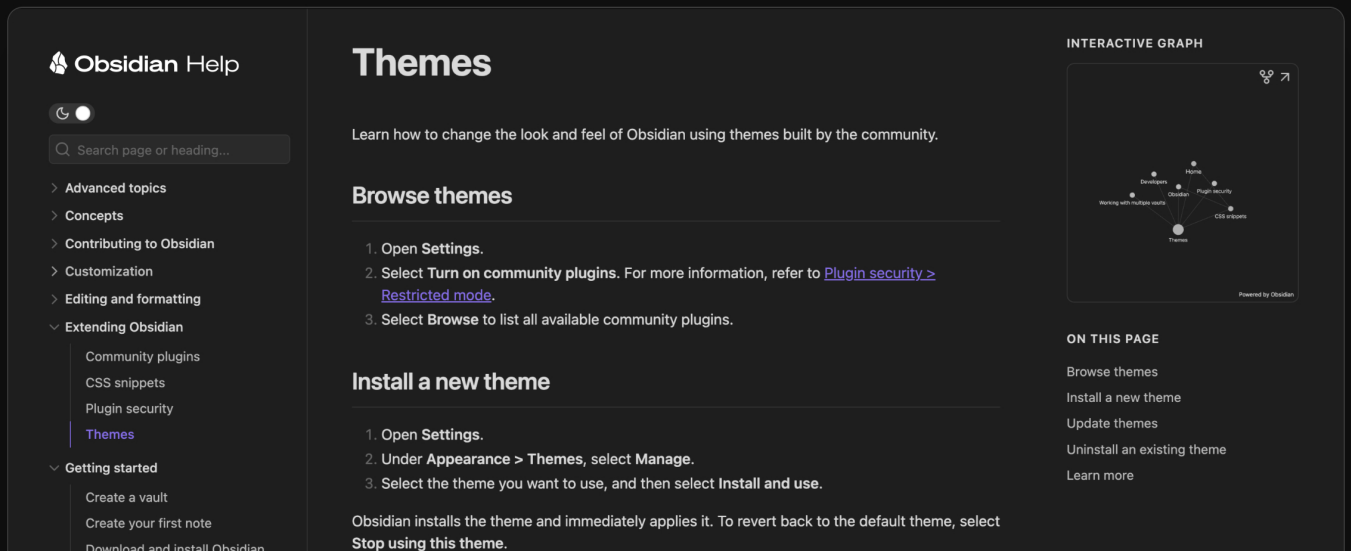

Publish your notes instantly from the Obsidian app, and make it easy for readers to explore your web of ideas.

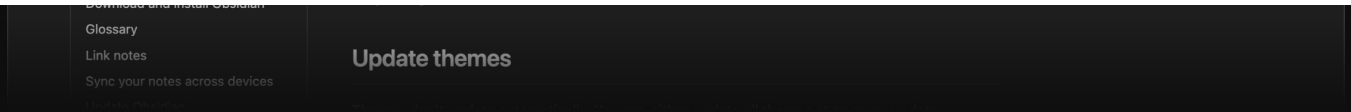

Customization

Control the look and feel of your site with themes, custom domains, password protection, and more.

Optimized for performance

Obsidian Publish sites are fast, mobile-friendly, and optimized for SEO, no configuration required.

Explore the Obsidian Help site, powered by Obsidian Publish.

It's your time to shine.
